Dear Commissioner,

I am concerned about the power a handful of major media companies exert on what we hear, read and see. Please adopt new rules that cap ownership at 35% and prohibit cross-ownership of newspapers and broadcast stations.

Thank you,

Dear Commissioner,

I am concerned about the power a handful of major media companies exert on what we hear, read and see. I was not able to attend the FCC public meeting in Monterey on July 21. But I would like you to be fully aware of the danger consolidation of the airways and press presents to a "free society." In order for a true democracy, the public must have access to different points of view. Please adopt new rules that cap ownership at 35% and prohibit cross-ownership of newspapers and broadcast stations.

Dear Commissioner,

The concept of a few wealthy entities owning and controlling media markets is ludicrous and against the actual concept of free press. I support the proposed 35% caps. Owning printed and airwave communications should also be restricted. There is already too little variety in how Americans receive news and who editorializes them. Show us your COURAGE and not allow these moguls to steamroll over you!

Sincerely,

Dear Commissioner,
It is so important for the media to reflect the people of our country with as much diversity as possible. Without the checks and balances provided by many points of view as well as so called neutral reporters, our country begins to resemble the old Soviet Union (and others) with their State run information and "truth" spin. We need brave action now to create more access and diversity. I am concerned about the power a handful of major media companies exert on what we hear, read and see. Please adopt new rules that cap ownership at 35% and prohibit cross-ownership of newspapers and broadcast stations.

I listened to the last couple of hours of hearings in Monterey and felt I was hearing history being made, especially if you act upon what you heard by following the speakers wishes. It felt like I was really participating in our democracy by just listening. Wish I could have been there.

Thank you for bringing the hearings to Monterey, but it would be even greater if you could have a lot more hearings all over America.
